FOURTH PROFESSIONAL YEAR: APPE Rotations					
PHRMCY 551 Case & Practice Readiness Conference (Aut-Spr) (1 credit)					

Students must complete 56 credits of APPEs as specified in the APPE syllabus between PY3 Spring and PY4 Spring.

*PHRMPR 541, PHRMPR 517, and PHRMPR 542 are hyphenated courses; students complete them from spring through autumn, but only register for spring and autumn (not summer) credits.

**Students must earn 26 elective credits, 19 of which must be professional electives. This document includes recommended quarterly ranges of elective credits.

Note: Please refer to Student Resources for information on prerequisites and minimum grade requirements for progression. Courses are subject to change by action of the School of Pharmacy & UW Curriculum Committees. Typically, a student on federal financial aid must carry a minimum of 12 credit hours each quarter to retain full-time status.
