We are committed to educating the next generation of diverse leaders in pharmacy, pharmaceutical research and healthcare – while seeking to ensure the safe, rational and cost-effective use of medicines. Learn more at: sop.washington.edu

OUR MISSION
LEADING THE FUTURE OF PHARMACY

INSTRUCTIONAL: We educate student pharmacists to work in partnership with other health professionals to provide accessible, compassionate, and integrative pharmaceutical care with the goal of enhancing patient outcomes. In addition, we provide high quality graduate and post-graduate education tailored to foundational and advanced training in the pharmaceutical, clinical and health outcomes sciences.

RESEARCH AND DISCOVERY: We provide scientific leadership through development of innovative research programs in the biomedical sciences, conduct basic, translational and outcomes research, and make informed decisions at preclinical, clinical and post-approval stages of drug discovery, development and implementation.

SERVICE: We serve patients and the wider community as committed and compassionate leaders in the use of our knowledge and discoveries to help develop and disseminate solutions to complex healthcare problems and promote the health and well-being of regional, national and global populations.

DEPARTMENTS & PROGRAMS
DEMONSTRATING EXCELLENCE IN RESEARCH AND PROFESSIONAL EDUCATION

Under the leadership of Interim Dean Peggy Odegard, the School of Pharmacy has 56 full-time equivalent faculty members.

- Department of Medicinal Chemistry
  Conducting research in drug metabolism, bio-analytical chemistry and the biophysical characterization of viral protein assembly.
  Chair: Bill Atkins, PhD, Sid Nelson Endowed Professor

- Department of Pharmaceutics
  Conducting research in pharmacokinetics and drug disposition.
  Chair: Nina Isoherranen, PhD, Milo Gibaldi Endowed Chair

- Department of Pharmacy
  Leading in pharmacy education, research, and professional and outreach initiatives. Interim Chair: Ryan Hansen, PharmD, PhD

- The Comparative Health Outcomes, Policy, and Economics (CHOICE) Institute
  Conducting research in pharmaceutical economics, drug safety and pharmaceutical policy.
  Director: Anirban Basu, PhD, Professor and Stergachis Family Endowed Director

- Plein Center for Geriatric Pharmacy Research, Education and Outreach
  The Plein Center in Geriatrics encompasses training, research, and service with focus on the optimal use of pharmacotherapy in older adults. Director: Shelly Gray, PharmD, MS, AGSF, Professor and Plein Endowed Director

#2 RANKED PHARMACY SCHOOL IN THE NATION.
