

School of Pharmacy Preceptor News and Updates: May 2016

Hello UW School of Pharmacy (SOP) Preceptors,
We will be sending out quarterly newsletter to share important updates from the school and upcoming preceptor development opportunities.

Thank you for serving as preceptors!

- Did you know? Current IPPE and APPE components (experiential education) of the pharmacy curriculum make up almost 30% of the pharmacy education requirement according to the current accreditation standards.
- Preceptors play an integral role in experiential education as they assist student pharmacists to 'connect the dot' between didactic concepts in a real-world setting. You inspire our students to become a patient advocate, an educator, an innovator and a future leader.
- We want to share with you a snapshot of what students appreciate about their preceptors...

'This preceptor is very passionate about her work as a pharmacist, and goes out of her way to make sure her patients are okay or even to say hi to them'

'She made my IPPE experience very rewarding. If there was something new or that she thought I would find interesting, she would show and explain it to me.'

'She is very knowledgeable, caring, and encouraging. I appreciated the fact that she took time to have topic discussions with me, checked in with me periodically to ensure that I am doing alright and encouraging me to push myself.'

Preceptor Feedback Survey

- As we strive to better serve and support you in your role as preceptors, we want to find out more about your background and professional development needs.
- Please take 5-10 min to complete this short **Preceptor Feedback Survey**
 - <https://catalyst.uw.edu/webq/survey/jenchang/300146>
- The result of this survey will be used to guide and design future preceptor development programs

Upcoming Preceptor CE programs

- WHAT: UW SOP will be hosting live IPPE Preceptor Orientation and Training CE Programs
- WHO: This program is for **ALL IPPE (Community and Institutional) Preceptors**
- WHY:

- To provide overview of the UW SOP didactic and experiential education curriculum and important precepting skills for new and current IPPE preceptors (earn ACPE-accredited 1.0 hour CE in first hour)
- To allow preceptors to share best practices and resources (2nd hour)
- WHEN: 6/15 (6-8pm), 6/16 (11am-1pm) and 7/9 (TBD)
 - See details on ATTACHED flyer.
 - To register: Sign up on link below:
