- Class of 2020: 108 Incoming students

UW School of Pharmacy Curricular Innovation – by Peggy Odegard (Associate Dean for Professional Education)

As many of you are aware, we have embarked on a curricular innovation to outline the most empowering, effective learning curriculum and training experiences to help prepare the pharmacist of tomorrow. This process stems from the Strategic Plan developed by the school last year with extensive practitioner and preceptor input. If you'd like to learn more about the innovation process and get involved to share your ideas, please see our webpage link at https://sop.washington.edu/about/curricular_innovation/. Thank you for your ongoing input, ideas, and support!

Elmer M. Plein Endowed Research Fund – Request for Proposals

- Proposal submission due date: October 15, 2016
- See attached flyer for eligibility criteria and details

Preceptor Development

Upcoming APPE Preceptor Orientation CE Program – [RSVP by Fri, 9/9/16](#)

UW SOP will be hosting live APPE Preceptor Orientation CE Programs on the following dates:

- Thu, Sep 15, 2016 (11:00-1:00pm)
- Tue, Sep 20, 2016 (6:00-8:00pm)

See ATTACHED flyer for detailed info. Register on [SignUp Genius](#) by Fri, 9/9/16.

NOTE:

For preceptors that precept both IPPE and APPE students: If you already attended/completed an IPPE Preceptor Orientation, you do not need to attend this APPE orientation program. We do ask that you review the APPE Evaluation instruction video that will be sent out later this month.

Other FREE Preceptor Development CE Programs – Available online on Preceptor portal!

- Go to [UW SOP Preceptor portal](#)
- Log in with your SITE pin – see '**Preceptor Orientation and Development Opportunities**' at bottom of index page

Preceptor Resources

NEW APPE Evaluation Tool and Grading Scale

- New APPE evaluation tool is now live in Preceptor portal for APPE student evaluation. A short instructional video on the new APPE evaluation tool and rubric will be sent out later this month. Stay tuned!
- NEW Grading Scale – Exceptional/ Competent/Marginal/Deficient

UW Health Sciences Library: Free access for preceptors with Clinical Affiliate Faculty (CAF) appointment

- In addition to the various journals and databases available, click on '**Pharmacist Toolkit**' for drug information resources (e.g. Micromedex, UpToDate, and Facts and Comparisons), Point of Care Tool (e.g. Sanford Guide) and many other key resources.
- [Visit our web site](#) for more information on **Clinical Affiliate Faculty** process

Share Your Ideas!
